Surgibond Skin Adhesive

Surgibond Tissue Adhesive (n-butyl cyanoacrylate) provides quality wound management. It polymerizes in seconds after contact with tissue and binds wound edges together so natural healing can occur. Reduces tissue trauma and need for analgesia in minor wound repair.

- Excellent for quick, minor wound repairs
- Surgibond 3ml bottle with 5 applicators
- Good visibility due to blue color
- Acts within seconds
- No unnecessary sutures or dressings
- Great for additional suture support
- Stops bleeding & offers protection against infections
- Acts as a physical barrier to keep foreign matters from entering wound.

Economical Re-usable Bottle!

Recommended uses: cat declaws • minor lacerations • surgical incisions • oral surgeries • dew claw removal
